Company name MIE DIE CASTING INDUSTRY CO.,LTD.		Industry / Market segment Automotive parts, FA equipment, and general industrial machinery	
Company representative Takao Ishikawa		Location 750-1, Sohara, Inabe-cho, Inabe-shi, Mie, 511-0202	
Capital	10 million yen	Annual sales	500 million yen
No. of employees	44	Certification	ISO 14001
Business outline / Products Aluminum die casting (135 to 800 tons) Automotive parts, motor-related parts, industrial-robot-related parts, pump parts, etc.		Customers / Suppliers Mitsubishi Electric Corporation, Toyodenso Co., Ltd., and other companies related to automobile production, FA equipment, and industrial equipment	
Overseas office		Overseas transaction	

**Selling points**  
We can deliver finished products as a one-stop manufacturer that handles all kinds of processes after die casting in-house, including various kinds of machining, surface finishing, and painting.

## Technology / Product details

With devotion to aluminum die casting, we provide products as a one-stop manufacturer.  
Mie Die Casting Industry Co., Ltd.

**Castings**  
▶ We have casting machines from 135 to 800 tons and support other materials as well as ADC12.

**Surface finishing and painting**  
▶ We handle a wide range of processes, such as surface finishing and painting, in collaboration with cooperating makers.

**Processing ①**  
▶ We are confident in our precision processing using an NC lathe and tapping center.

**Processing ②**  
▶ We can process small to large-sized products in any quantity.

**Inspection**  
▶ We have various kinds of measuring devices, including a coordinate measuring machine to assure quality.

**Finished products**  
▶ We provide products as a one-stop manufacturer that consistently handles all processes, from trial to mass production.

## Main equipment

Casting machine: 135 tons x 1, 250 tons x 1, 350 tons x 3, 500 tons x 1, 800 tons x 1  
16 NC lathes, 5 tapping centers  
2 CMMs
