

FY2021 Pacific Island Countries Mie Glocal Student Ambassadors Research Presentation & Mikimoto Pearl Island Live Broadcast

1. Outline

From Mikimoto Pearl Island in Toba City, Mie Prefecture, the birthplace of pearl farming, we will introduce the charms of pearls and ama divers. Also, Mie Glocal Student Ambassadors, who are high school and university students from Mie Prefecture involved in international activities, will present their research on Pacific Island countries this year.

2. Date and time Monday 28 March, 10:00-12:00

3. Method and language Hybrid, English
Presented from: Mikimoto Pearl Island
Audience: Online

4. Contents

◆ Presentations by Mie Glocal Student Ambassadors

Five groups (medical care, food culture, plastic waste problem, entertainment, school education) will present in English the results of their research through exchange meetings with international students from island countries and online lectures from people who have experienced life in the region.

◆ PR of Mie Prefecture

- Introduction to pearl farming and ama culture -

A live broadcast from Mikimoto Pearl Island will show how pearls are taken out of the shell and a demonstration of ama divers' skills.
(*Content is subject to change in case of bad weather.)
